Summary of student evaluations based on the questionnaire, free text comments and any other data.

Utvärdering omfattar en(!) student och är således inte speciellt användbar.

The programme coordinator's final analysis.

Vi håller för närvarande på att göra om programmet för att det: (i) skall följa den forskning som bedrivs på avdelningen bättre och; (ii) för att programmet skall matcha de två sista åren på civilingenjörsutbildningen. Detta kommer förhoppningsvis ge oss både ett bättre program samt bättre studentunderlag för kommande utvärderingar.

Suggestions for improvements.

Vi håller på att göra om hela programmet.
