Oral Health

Syllabus

Oral health in a community perspective

Course Code:	OHG119
Course Title:	Oral health in a community perspective <i>Oral hälsa i ett samhällsperspektiv</i>
Credits:	7.5
Degree Level:	Undergraduate level
Progressive Specialisation:	First cycle, has at least 60 credits in first-cycle course/s as entry requirements (G2F)

Major Field of Study:
OHA (Oral Health)

Course Approval

The syllabus was approved by the Faculty of Health, Science and Technology 2025-08-29, and is valid from the Spring semester 2026 at Karlstad University.

Prerequisites

A Higher Education Diploma in Dental Hygiene (120 ECTS credits), or equivalent

Learning Outcomes

Upon completion of the course, students should be able to:

Knowledge and understanding

- give an account of oral health from societal, socioeconomic, and gender equality perspectives, nationally as well as internationally,
- give an account of organisation and leadership in dentistry and the current and future role of the dental hygienist within the organisation,
- give an account of the significance of national and international public health policy documents and their implications for dentistry, and
- analyse the determinants of oral health based on current research and in relation to the

health promotion work of the dental hygienist.

Competence and skills

- independently demonstrate suggestions for implementing and evaluating oral health promotion efforts based on an international sustainability objective.

Judgement and approach

- independently assess ethical aspects with a holistic view of human beings and a special focus on human rights when planning health promotion work, and
- reflect upon and compare issues in the area of oral health nationally and internationally in relation to sustainable development.

Content

- societal perspective
- national and international policy documents
- global sustainability objectives
- national guidelines for dental care
- determinants of oral health
- oral health nationally and internationally
- human rights
- gender equality
- health promotion work
- ethics
- sustainable development
- social status
- socioeconomics
- organisation and leadership

Reading List

See separate document.

Examination

Assessment is based on a written group report, an individual hand-in assignment presented in a seminar, and seminar discussion.

Submissions for assessment must clearly indicate individual contributions.

If students have a decision from Karlstad University entitling them to Targeted Study Support due to a documented disability, the examiner has the right to give such students an adapted examination or to examine them in a different manner.

Grades

One of the grades Distinction (VG), Pass (G), or Fail (U) is awarded in the examination of the course.

Quality Assurance

Follow-up relating to learning conditions and goal-fulfilment takes place both during and upon completion of the course in order to ensure continuous improvement. Course

evaluation is partly based on student views and experiences obtained in accordance with current regulations and partly on other data and documentation. Students will be informed of the result of the evaluation and of any measures to be taken.

Course Certificate

A course certificate will be provided upon request.

Additional information

The local regulations for studies at the Bachelor and Master levels at Karlstad University stipulate the obligations and rights of students and staff.

If there are international collaborations, certain parts of the course may be taught in English.
