4. During the course, I have found that teachers and other staff have been:

- A) Professional and very accommodating
- B) Professional and accommodating
- C) Professional
- D) Deficient

should also be analysed here. Any effect of joint courses should be commented on.

Only three students have given the feedback.

There are suggestions from two students to have more individual assessment.

Suggestions for changes to the next course date.

Based on the supervisors (from University and company), running the course together with the company (in this case: BillerudKorsnäs) was very successful.

Group assessment was reasonable in this course.

Possibility of individual assessment is to be considered.
