Allför få studenter för att få en bra bild av deras synpunkter. Men deras svar bekräftar min egen självvärdering. kursen gavs för första gången och är teoretiskt avancerad. Den innehöll för mycket stoff o var inte riktigt anpassad till den begränsade tid vi hade på oss. Studenterna gjorde ett bra jobb men några saker måste tänkas om inför nästa kurstillfälle.

Suggestions for changes to the next course date.

Satsa mer på översikt över fältet o på kärnan i problematiken runt begreppen. Mer noggrant urval av problemformuleringar o områden att diskutera. Ändra litteraturlistan - minska ner mängden sidor o noggrannare val i enlighet med ovanstående. Examinations- o undervisningsform kan behållas.

1. **Number of first registrations for a course:** First registration = the first time a student registers for a specific course.
