

# PUBLISHED COURSE ANALYSIS

Publishing date: 2018-02-06

A course analysis has been carried out and published by the course convener.

The Karlstad University evaluation tool is owned by the Professional Development Unit and is managed by the systems group for educational administration, Student Centre.

*Computer Engineering Project, 15 ETCS cr. (DVAE08)*

*Course convener: Karl-Johan Grinnemo*

## Basic LADOK data

Course Code: DVAE08

Application Code: 30376

Semester: HT-17

Start Week: 201735

End Week: 201803

Pace of Study: 50%

Form of Study: Campus

## Course Data

Number of questionnaires answered: 5

Number of first registrations<sup>[1]</sup>: 8

## Changes suggested in the course analysis of the previous course date:

- Bättre planering av de aktiviteter som ska genomföras i respektive projekt så att arbetsinsatsen i de enskilda projekten är någorlunda jämförbar.

- Försöka dela upp arbetete i de enskilda projekten på ett sådant sätt att det är enklare att följa upp på enskilda studenters arbetsinsats.

T.ex. skulle detta kunna ske genom att bryta ned projektuppgiften i moduler, där varje modul tilldelas en student.

1. During the course I developed the knowledge, skills and other competencies described in the learning outcomes.

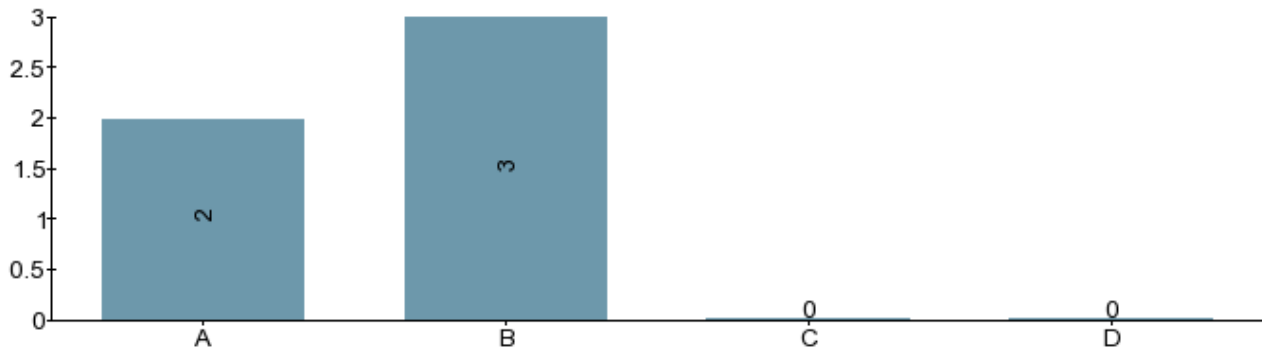

A) To a very great extent

B) To a great extent

C) To a certain extent

D) To a very little extent/Not at all

2. In the examinations, I had the opportunity to demonstrate if I have acquired the knowledge, skills and other competencies described in the learning outcomes.

- A) To a very great extent
- B) To a great extent
- C) To a certain extent
- D) To a very little extent/Not at all

3. On average, I spent the following number of hours on coursework per week:

- A) More than 40 hours (or more than 20 hrs at 50% study pace, more than 10 hrs at 25% study pace)
- B) Between 30-39 hours (or between 15-19 at 50% study pace, between 8-10 at 25% study pace)
- C) Between 20-29 hours (or between 10-14 at 50% study pace, between 5-7 at 25% study pace)
- D) Less than 20 hours (or less than 10 at 50% study pace, less than 5 at 25% study pace)

4. During the course, I have found that teachers and other staff have been:

- A) Professional and very accommodating
- B) Professional and accommodating
- C) Professional
- D) Deficient

**should also be analysed here. Any effect of joint courses should be commented on.**

Kursen bestod i år av två projekt med fyra studenter per projekt. Båda projekten genomfördes med lyckat resultat och studenterna såg framförallt kursen som en god förberedelse inför deras examensarbete. Min egen reflektion på kursen är att jag har fortfarande svårt att utvärdera respektive students insats i kursen, och bedömer att för att kunna göra detta behöver jag erbjuda projekt som enkelt kan brytas ned i moduler vilka enskilda studenter kan ansvara för. Behöver också öka kravet på den tekniska rapporten. För närvarande accepteras rapporter på 15 sidor, borde vara åtminstone 25 sidor.

**Suggestions for changes to the next course date.**

- Projekten ska väljas så att de enkelt kan brytas ned i moduler där varje student blir ansvarig för en modul.
- Höj krav på omfattning av teknisk rapport från 15 till 25 sidor.

---

1. **Number of first registrations for a course:** First registration = the first time a student registers for a specific course.
