Analysis based on course evaluation, including comments fields. If information has been collected in other ways, it should also be analysed here. Any effect of joint courses should be commented

on.

This was the first offering of the course in the on-line format. Unfortunately, and it was mentioned to me, the online format is not the appropriate way to convey this course. It is simply not welcoming enough for students to participate in group discussions that is fundamental for this course.

Suggestions for changes to the next course date.
