Changes suggested in the course analysis of the previous course date:

--

Analysis based on course evaluation, including comments fields. If information has been collected in other ways, it should also be analysed here. Any effect of joint courses should be commented on.

No student was registered for this course and thus no student has handed in an evaluation. Therefore, the evaluation exercise is meaningless.

Suggestions for changes to the next course date.

See previous comment.

1. **Number of first registrations for a course:** First registration = the first time a student registers for a specific course.
