The Net Promoter Score (NPS) is a metric that measures student experience and predicts the effectiveness of a course. It calculates an NPS score based on a key question using a 0-10 scale, asking how likely students would recommend the course to others. Respondents are grouped into Promoters, Passives, or Detractors based on their score, and the NPS is calculated by subtracting the percentage of Detractors from the percentage of Promoters. The NPS is a core metric for course evaluation programs and is trusted by educational institutions to engage their students and improve their learning experience performance.

Course supervisor's comments

Kursen fungerar väl, och de deltagare som svarat är nöjda. Om vi hade mer tid skulle vi kunna ge mer feedback på uppgifterna. Men i nuläget räcker tilldelade timmar för kurserna inte till.
