The Net Promoter Score (NPS) is a metric that measures student experience and predicts the effectiveness of a course. It calculates an NPS score based on a key question using a 0-10 scale, asking how likely students would recommend the course to others. Respondents are grouped into Promoters, Passives, or Detractors based on their score, and the NPS is calculated by subtracting the percentage of Detractors from the percentage of Promoters. The NPS is a core metric for course evaluation programs and is trusted by educational institutions to engage their students and improve their learning experience performance.

Course supervisor's comments

Kursen har fortlöp som planerat och vid muntliga utvärderingar har flera positiva kommentarer nämnts. Kursen är ny och har utrymna att utvecklas vidare, bland annat förtydliga vilka delar och examinationer som ingår exakt. I allmänhet har kursen fått goda utvärderingar, dock har vi en student som har misslyckats med sina studier, och är missnöjd med flera delar av kursen liksom den skriftliga utvärderingen visar. I den skriftliga utvärderingen har endast en person svarat på enkäten.
