Analysis based on course evaluation, including comments fields. If information has been collected in other ways, it should also be analysed here. Any effect of joint courses should be commented

on.

2 out of 29 students (in total) had negative feedback about the structure - on the other hand we had comments like "Most of the components from this course was really good". All and all I don't see any specific changes needed but - be clear with further students that this is a distans course with no classes with teacher.
