should also be analysed here. Any effect of joint courses should be commented on.

For this course we needed to reschedule the teacher for the digital imaging part. This might be one explanation for some of the critique that part is given in the comments. But, of course we need to look into on how to improve that part.

Suggestions for changes to the next course date.

Present an overview of all assignments at course start, (and of course again when they start). Improve the quality of the digital imaging part.

1. **Number of first registrations for a course:** First registration = the first time a student registers for a specific course.
