## How likely would you be to recommend this course to a friend or colleague?

**Net Promoter Score (NPS) = -9.09**

Promoters = 3 (27.3%)

Passives = 4 (36.4%)

Detractors = 4 (36.4%)

The Net Promoter Score (NPS) is a metric that measures student experience and predicts the effectiveness of a course. It calculates an NPS score based on a key question using a 0-10 scale, asking how likely students would recommend the course to others. Respondents are grouped into Promoters, Passives, or Detractors based on their score, and the NPS is calculated by subtracting the percentage of Detractors from the percentage of Promoters. The NPS is a core metric for course evaluation programs and is trusted by educational institutions to engage their students and improve their learning experience performance.
