The Net Promoter Score (NPS) is a metric that measures student experience and predicts the effectiveness of a course. It calculates an NPS score based on a key question using a 0-10 scale, asking how likely students would recommend the course to others. Respondents are grouped into Promoters, Passives, or Detractors based on their score, and the NPS is calculated by subtracting the percentage of Detractors from the percentage of Promoters. The NPS is a core metric for course evaluation programs and is trusted by educational institutions to engage their students and improve their learning experience performance.

Course supervisor's comments

En student svarade på kursutvärderingen, dessa svar var genomgående mycket positiva.

Kursen har annars fortlöpt som den ska och varit framgångsrik. Muntliga utvärderingar har varit mycket positiva och upplägget är positivt. Ett arbete förs med att sätta praktiska delar av kursen på plats och se till att kursdeltagare får den information och stöd de behöver för att genomföra kursen.
