Changes suggested in the course analysis of the previous course date:

The level of quality and detail in individual feedback on written assignments should be maintained, but this feedback must be delivered sooner and in a shorter time span between the first and the last student to receive it in each round (which should be much more feasible and realistic than it turned out last semester).

1. During the course I developed the knowledge, skills and other competencies described in the learning outcomes.

- A) To a very great extent
- B) To a great extent
- C) To a certain extent
- D) To a very little extent/Not at all

2. In the examinations, I had the opportunity to demonstrate if I have acquired the knowledge, skills and other competencies described in the learning outcomes.

- A) To a very great extent
- B) To a great extent
- C) To a certain extent
- D) To a very little extent/Not at all

3. On average, I spent the following number of hours on coursework per week:

- A) More than 40 hours (or more than 20 hrs at 50% study pace, more than 10 hrs at 25% study pace)
- B) Between 30-39 hours (or between 15-19 at 50% study pace, between 8-10 at 25% study pace)
- C) Between 20-29 hours (or between 10-14 at 50% study pace, between 5-7 at 25% study pace)
- D) Less than 20 hours (or less than 10 at 50% study pace, less than 5 at 25% study pace)

4. During the course, I have found that teachers and other staff have been:

- A) Professional and very accommodating
- B) Professional and accommodating
- C) Professional
- D) Deficient

should also be analysed here. Any effect of joint courses should be commented on.

The campus version of ENG AT1 is back where it needs and deserves to be after a temporary lapse last semester, but there's still room for improvement and faster feedback cycles.

Suggestions for changes to the next course date.

Further reduction of waiting times for feedback on individual drafts - ideally down to two weeks maximum from each participant's point of submission rather than from the actual posting deadline, which will also help the teacher distribute the workload more evenly.
