All in all, the course was valuable for me.

Courses that were considered valuable were related to personal development, acquisition of new knowledge and skills, understanding of something. Lower ratings can refer to scanty development of knowledge and skills or not understanding certain themes or their parts, not understanding the necessity and significance of the course, problems in the learning environment.

The Net Promoter Score (NPS) is a metric that measures student experience and predicts the effectiveness of a course. It calculates an NPS score based on a key question using a 0-10 scale, asking how likely students would recommend the course to others. Respondents are grouped into Promoters, Passives, or Detractors based on their score, and the NPS is calculated by subtracting the percentage of Detractors from the percentage of Promoters. The NPS is a core metric for course evaluation programs and is trusted by educational institutions to engage their students and improve their learning experience performance.

Från Stråkorkestern:

Hej Magnus!

Vi har haft årsmöte med stråkorkestern nu och här är vad vi vill förmedla till dig:

- Repertoarönskemål: Dvorak strånserenad, Shostakovich kammersymfoni, Biber battalia, Concerto grosso av ex Händel
- Vi önskar spela lite färre verk, men gärna större (typ som när vi spelade Tchaikovsky stråkserenad)

Mvh styrelsen
