The Karlstad University evaluation tool is owned by the Professional Development Unit and is managed by the systems group for educational administration, Student Centre.

Surface Technology and Tribology, 7.5 ETCS cr. (MTAD19)

Course convener: Gunnel Fredriksson

Basic LADOK data

Course Code: MTAD19

Application Code: 30411

Semester: HT-17

Start Week: 201745

End Week: 201803

Pace of Study: 50%

Form of Study: Campus

Course Data

Number of questionnaires answered: 7

Number of first registrations^[1]: 23

Changes suggested in the course analysis of the previous course date:

No big changes were made in the course. A new edition of the course book in English was adopted.

1. During the course I developed the knowledge, skills and other competencies described in the learning outcomes.

- A) To a very great extent
- B) To a great extent
- C) To a certain extent
- D) To a very little extent/Not at all

2. In the examinations, I had the opportunity to demonstrate if I have acquired the knowledge, skills and other competencies described in the learning outcomes.

- A) To a very great extent
- B) To a great extent
- C) To a certain extent
- D) To a very little extent/Not at all

3. On average, I spent the following number of hours on coursework per week:

- A) More than 40 hours (or more than 20 hrs at 50% study pace, more than 10 hrs at 25% study pace)
- B) Between 30-39 hours (or between 15-19 at 50% study pace, between 8-10 at 25% study pace)
- C) Between 20-29 hours (or between 10-14 at 50% study pace, between 5-7 at 25% study pace)
- D) Less than 20 hours (or less than 10 at 50% study pace, less than 5 at 25% study pace)

4. During the course, I have found that teachers and other staff have been:

- A) Professional and very accommodating
- B) Professional and accommodating
- C) Professional
- D) Deficient

should also be analysed here. Any effect of joint courses should be commented on.

Not many students answered the questionnaire, but those who answered seems to be satisfied with the course.

Suggestions for changes to the next course date.

The course consists of lectures and seminars for two group assignments. It would be good if we also could include a laboratory exercise in the course.

-
1. **Number of first registrations for a course:** First registration = the first time a student registers for a specific course.
