Analysis based on course evaluation, including comments fields. If information has been collected in other ways, it should also be analysed here. Any effect of joint courses should be commented

on.

While only one student answered the questionnaire, it was a positive opinion expressed as an answer to the question "In your opinion, which components of the course have functioned well and should be kept?" The student's answer was simply, "All parts".

Several students have been working more or less full-time in parallel with the course, and only three students were near to complete the last assignment when the course officially ended.

Suggestions for changes to the next course date.
