Analysis based on course evaluation, including comments fields. If information has been collected in other ways, it should also be analysed here. Any effect of joint courses should be commented

on.

"I think, if you can include one start session with a previous year student to define how they have completed their assignments and how they achieve good results, it is really helpful to new students."

"In my opinion, all the components went well and can keep them as it is now." ; "The whole course is good and help me to gain vast knowledge about the subject. Assignments are also planned well with practical scenarios. As well as, individual supervision and group-wise supervision also added good points to the module."

Suggestions for changes to the next course date.

Possibly ask a second-year student to discuss with the course students.
