

PUBLISHED COURSE ANALYSIS

Publishing date: 2023-08-22

A course analysis has been carried out and published by the course convener.

The Karlstad University evaluation tool is owned by the Professional Development Unit and is managed by the systems group for educational administration.

Scientific Methods in Freshwater Ecology, 15.0 ECTS cr. (BIAD12)
Course convener: Olle Calles

Basic LADOK data

Course Code: BIAD12
Application Code: 41498
Semester: VT-23
Start Week: 202313
End Week: 202322
Pace of Study: 100%
Form of Study: Campus

Course Data

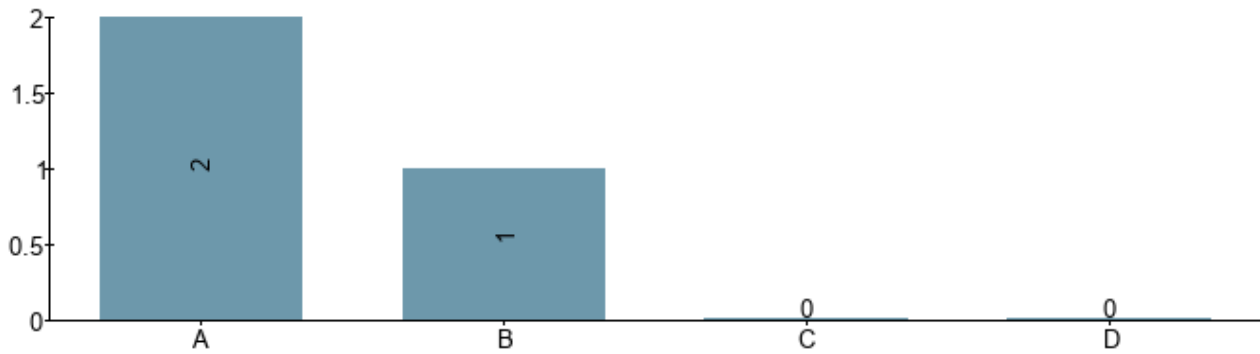

Number of questionnaires answered: 3
Number of first registrations^[1]: 4

Changes suggested in the course analysis of the previous course date:

Ovanligt få förändringar? förvalta och putsa?

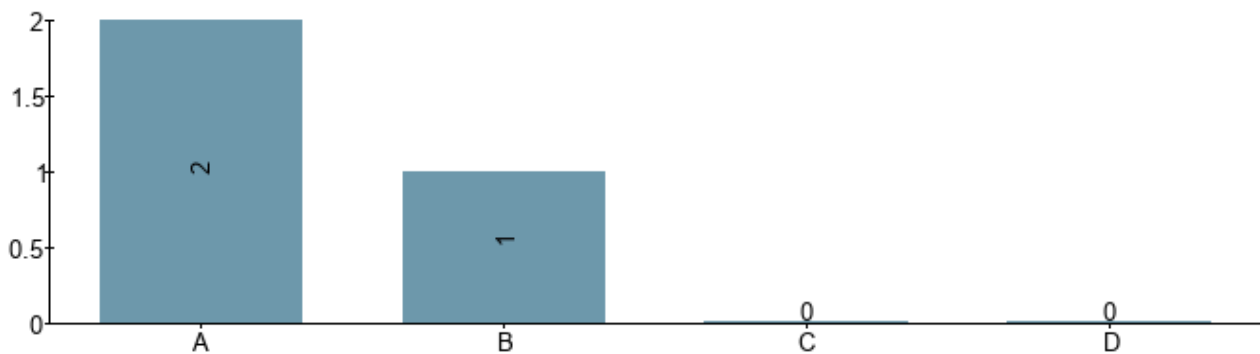

- Förtydliga vad som examinerar kurs respektive certifiering
- Uppdatera litteratur, ta bort två böcker (behåll statistik)?
- Förbättra skrivna instruktioner för labb- och fältövningar
- Niclas tar över etik och djurförsök helt (Erik P. pensioneras)
- Förinspelade ?skrivsboardsföreläsningar? samt LIVE som ej spelas in

1. The contents and structure of the course has supported the achievement of the learning outcomes

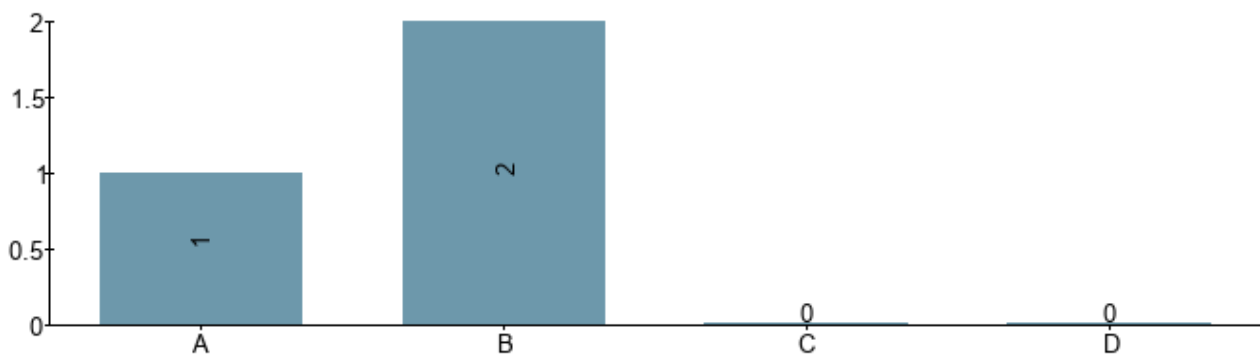

- A) To a very large extent
- B) To a large extent
- C) To some extent
- D) To a little extent or not at all

2. The assessments included in the course have given me the opportunity to demonstrate my achievement of the learning outcomes

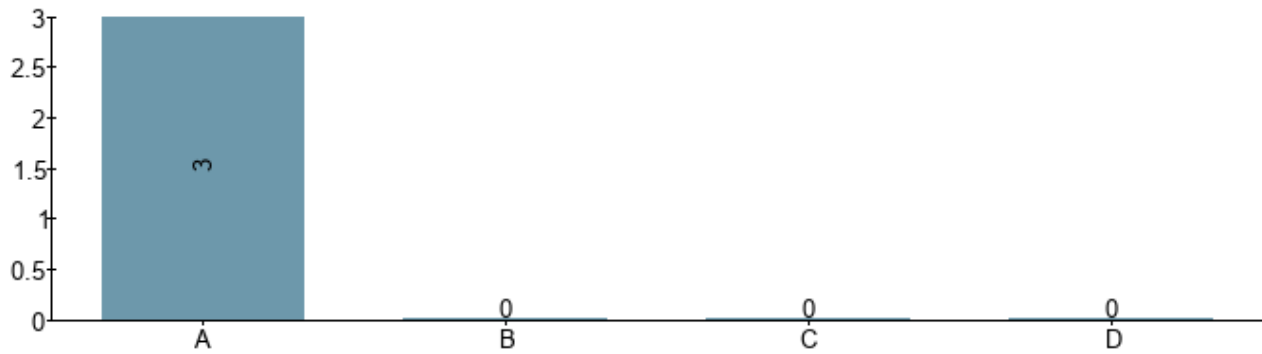

- A) To a very large extent
- B) To a large extent
- C) To some extent
- D) To a little extent or not at all

3. My workload (including scheduled activities and independent work) during the course has been

- A) 40 hours per week or more (or 20 per week or more for courses given as half-time studies, 10 hours or more for cour
- B) Between 30 and 39 hours per week (or between 15 and 19 hours for courses given as half-time studies, or between 8
- C) Between 20 and 29 hours per week (or between 10 and 14 hours for courses given as half-time studies, or between 5
- D) Less than 20 hours per week (or less than 10 hours per week for courses given as half-time studies, or less than 5 h

4. During the course, I have experienced the reception from teachers and other staff as professional

- A) To a very large extent
- B) To a large extent
- C) To some extent
- D) To a little extent or not at all

Analysis based on course evaluation, including comments fields. If information has been collected in other ways, it should also be analysed here. Any effect of joint courses should be commented on.

Analysen grundas främst på enkätsvar i "Survey and report" där 6 av 9 studenter svarat på totalt 52 frågor om kursen

Vad har gått bra?

- Det mesta gick mycket bra
- Drivna lärare och positiva studenter
- Tidigarelagd fältövning = mycket mer fisk och robustare resultat
- Separata seminarier mer givande
- Förinspelade föreläsningar samt LIVE som ej spelades in

Vad har gått mindre bra?

- Ovanligt mycket studentstrul och sena avhopp ? få studenter
- Hybridföreläsningar aldrig lika bra som renodlade Zoom/Campus
- Litteraturlistan skapade viss förvirring

Suggestions for changes to the next course date.

- Dela rapportutkast på varje grupps egen yta så även lärare kan granska dem översiktligt innan seminarium.
- Uppdatera litteraturlista, ta bort boken Fisheries techniques? som är dyr och kan vara svår att få tag på.
- Utredda om revision av kursplan behövs för att certifikat för fiskmärkning och elfiske skrivs ut först när hela kursen är klar.

1. **Number of first registrations for a course:** First registration = the first time a student registers for a specific course.
