Changes suggested in the course analysis of the previous course date:

(2015)

Fundera om kurslitteraturen ska ändras, eller om låneex ska finnas att tillgå.

Förbättra labmomentet och tydligare koppling mellan statistisk och labexperiment samt skriva vetenskapligt

Eftersträva ännu större anpassning till distansstudenter

Kursen hade fler studenter än någonsin, sannolikt till följd av ändrade antagningskrav. Samtidigt gjordes omfattande förändringar av såväl upplägg som examination och genomströmningen har ökat markant. Studenterna var överlag mycket nöjda och de förslag till förbättringar vi fått stämmer väl med vår egen uppfattning.

Suggestions for changes to the next course date.

Vi kommer att ta ytterligare steg mot att förtydliga den röda tråd som redan löper genom hela kursen. Eftersom vi gjort flera förändringar i år finns några detaljer som kan behöva förbättras.

Vi avser att anpassa statistikdelen så att den kopplar tydligare till efterkommande moment. Samma sak gäller momentet "skriva vetenskapligt", som tydligare ska utgöra en introduktion till det omfattande examinationsmoment som kommit att kallas "Stora rapporten".

1. **Number of first registrations for a course:** First registration = the first time a student registers for a specific course.
