

PUBLISHED COURSE ANALYSIS

Publishing date: 2018-04-27

A course analysis has been carried out and published by the course convener.

The Karlstad University evaluation tool is owned by the Professional Development Unit and is managed by the systems group for educational administration, Student Centre.

Current Research on Information Systems, 7.5 ETCS cr. (ISAD11)

Course convener: Monika Magnusson

Basic LADOK data

Course Code: ISAD11

Application Code: 28559

Semester: HT-16

Start Week: 201635

End Week: 201644

Pace of Study: 50%

Form of Study: Campus

Course Data

Number of questionnaires answered: 2

Number of first registrations^[1]: 6

Changes suggested in the course analysis of the previous course date:

--

1. During the course I developed the knowledge, skills and other competencies described in the learning outcomes.

A) To a very great extent

B) To a great extent

2. In the examinations, I had the opportunity to demonstrate if I have acquired the knowledge, skills and other competencies described in the learning outcomes.

A) To a very great extent
B) To a great extent

3. On average, I spent the following number of hours on coursework per week:

A) Between 20-29 hours (or between 10-14 at 50% study pace, between 5-7 at 25% study pace)

4. During the course, I have found that teachers and other staff have been:

A) Professional and very accommodating

Analysis based on course evaluation, including comments fields. If information has been collected in other ways, it should also be analysed here. Any effect of joint courses should be commented on.

The course seem to have worked well although few answers make it difficult to draw any general conclusions.

Suggestions for changes to the next course date.

Regular overview and minor improvements

1. **Number of first registrations for a course:** First registration = the first time a student registers for a specific course.
