The Karlstad University evaluation tool is owned by the Professional Development Unit and is managed by the systems group for educational administration.

Project work on future Engineering Materials, 7.5 ECTS cr. (MTAE11)
Course convener: Pavel Krakhmalev

Basic LADOK data

Course Code: MTAE11
Application Code: 39895
Semester: HT-22
Start Week: 202245
End Week: 202302
Pace of Study: 50%
Form of Study: Campus

Course Data

Number of questionnaires answered: 3
Number of first registrations^[1]: 12

Changes suggested in the course analysis of the previous course date:

--The course will run the same way as in 2021. Instructions and guidance will be revised to make sure that all students get the task and understand teachers' expectations. The same or similar invited lectures, if possible, will be organized next year as well.

1. The contents and structure of the course has supported the achievement of the learning outcomes

- A) To a very large extent
- B) To a large extent
- C) To some extent
- D) To a little extent or not at all

2. The assessments included in the course have given me the opportunity to demonstrate my achievement of the learning outcomes

- A) To a very large extent
- B) To a large extent
- C) To some extent
- D) To a little extent or not at all

3. My workload (including scheduled activities and independent work) during the course has been

- A) 40 hours per week or more (or 20 per week or more for courses given as half-time studies, 10 hours or more for courses given as part-time studies)
- B) Between 30 and 39 hours per week (or between 15 and 19 hours for courses given as half-time studies, or between 8 and 9 hours for courses given as part-time studies)
- C) Between 20 and 29 hours per week (or between 10 and 14 hours for courses given as half-time studies, or between 5 and 7 hours for courses given as part-time studies)
- D) Less than 20 hours per week (or less than 10 hours per week for courses given as half-time studies, or less than 5 hours for courses given as part-time studies)

4. During the course, I have experienced the reception from teachers and other staff as professional

- A) To a very large extent
- B) To a large extent
- C) To some extent
- D) To a little extent or not at all

Analysis based on course evaluation, including comments fields. If information has been collected in other ways, it should also be analysed here. Any effect of joint courses should be commented

on.

3 of 12 students answered survey. Students evaluated course content as B and generally graded high. Invited industrial lectures were evaluated very positively.

Suggestions for changes to the next course date.

The course will run the same way as in 2022. The same or similar invited lectures, if possible, will be organized next year as well. More attention will be paid to explanation of requirements to projects in the beginning of the course.

-
1. **Number of first registrations for a course:** First registration = the first time a student registers for a specific course.
