**Analysis based on course evaluation, including comments fields. If information has been collected in other ways, it should also be analysed here. Any effect of joint courses should be commented**

**on.**

Kursen fungerar bra, med en relativt hög genomströmning efter en tentamen. Måluppfyllelsen kring TEM är något svagare än för övriga mätmetoder och här bör nog lärandeformerna ses över.

**Suggestions for changes to the next course date.**

Den mera avancerade delen rörande TEM-instrumentet bör behandlas ytterligare, eventuellt i formen av inlämningsuppgifter eller seminariebehandling.
