## Changes suggested in the course analysis of the previous course date:

Nya föreläsningar behöver göras. Detta kommer att ske i proportion till tidstilldelningen. Avsnittet om enzymer kommer att placeras före metabolismen. Om det är logistiskt möjligt kommer laborationsveckan att läggas tidigare i kursen.

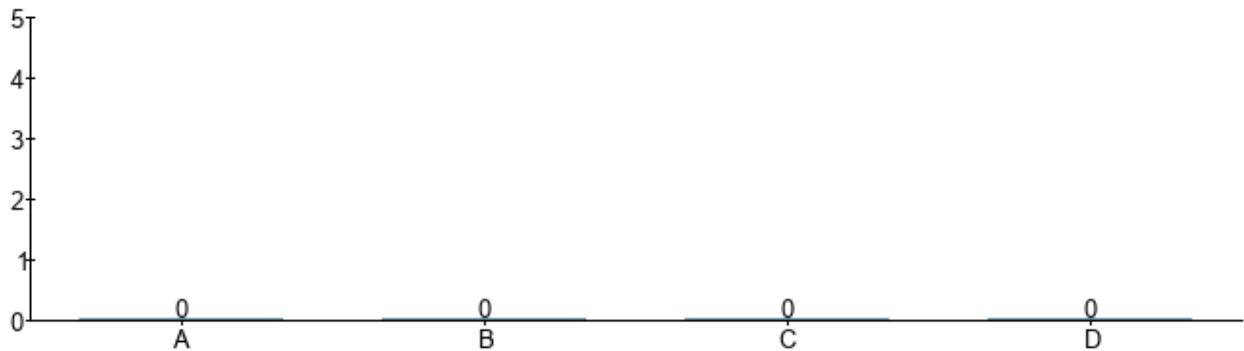

Gjorda förändringar: Tre nya föreläsningar, enzymer behandlades som första avsnitt av kursen och laborationsveckan lades tidigare i kursen.

**Analysis based on course evaluation, including comments fields. If information has been collected in other ways, it should also be analysed here. Any effect of joint courses should be commented**

**on.**

Värdefull återkoppling från studenterna saknas.

Kurstillfället genomfördes på samma sätt som förra året med undantag för de ovan beskrivna förändringarna. Kursansvarig noterade att deltagandet i seminarierna var lägre i år och genomströmningen sämre, någon direkt orsak till det har dock inte kunnat identifieras.

De önskemål om förändringar som fördes fram efter föregående kurstillfälle har till del tillgodosetts. Det kvarstår dock en hel del arbete med att förnya föreläsningarna.

#### **Suggestions for changes to the next course date.**

Fortsätt arbetet med att förnya föreläsningarna. Föreläsningarna finns idag endast på video, överväg att ge föreläsningarna i sal/på Zoom.
