## Changes suggested in the course analysis of the previous course date:

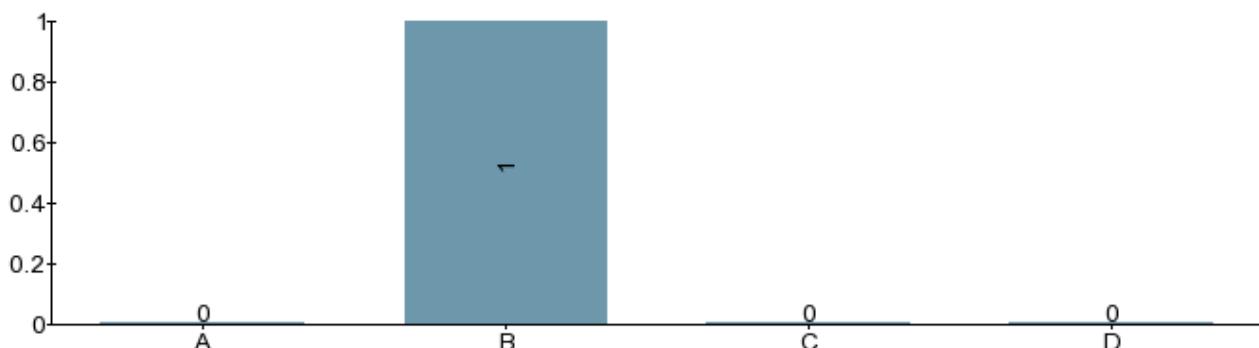

The group supervisory sessions of the PM assignment were organised in a better way 2017 than 2016. The cost for the Brussels excursion was reduced by way of cheaper accommodation 2017 than 2016.

- D) To a very little extent/Not at all

2. In the examinations, I had the opportunity to demonstrate if I have acquired the knowledge, skills and other competencies described in the learning outcomes.

3. On average, I spent the following number of hours on coursework per week:

- B) Between 30-39 hours (or between 15-19 at 50% study pace, between 8-10 at 25% study pace)

**should also be analysed here. Any effect of joint courses should be commented on.**

There are 4 registered students on the course, but 1 student has taken time out so 3 students have followed the course. 1 of these students has replied to the survey. These replies are positive. I have also received feedback from all students during the excursion to Brussels. This feedback is positive, but did not cover the entire course since the course continued for over a month after the excursion.

**Suggestions for changes to the next course date.**

I see no reasons to make any changes to the course based on this evaluation. There will be a meeting with all staff teaching on the course in a few weeks time to discuss if there are any issues that other teaching staff has notice that need improving for next year.
