**should also be analysed here. Any effect of joint courses should be commented on.**

We had no comments about the short timespan between pitch and project presentations so that change was good. The same goes for the requirements.

This was the last time this course was held so suggestions are not planned. That said the new course Webbdesign 1 have tried to take all learnings from this course and baked them into that new and modified course...

**Suggestions for changes to the next course date.**
