The Net Promoter Score (NPS) is a metric that measures student experience and predicts the effectiveness of a course. It calculates an NPS score based on a key question using a 0-10 scale, asking how likely students would recommend the course to others. Respondents are grouped into Promoters, Passives, or Detractors based on their score, and the NPS is calculated by subtracting the percentage of Detractors from the percentage of Promoters. The NPS is a core metric for course evaluation programs and is trusted by educational institutions to engage their students and improve their learning experience performance.

Course supervisor's comments

Fem studenter besvarade enkäten. Studenterna uppskattade det pedagogiska upplägget samt diskussionerna i klassrummet. En student kommenterar att delkursen inte bör gå parallellt med delkurs 1 (Sounds & Structures), vilket den inte heller gör. Studenterna upplevde att kursen var intressant men utmanande och tidskrävande. Studenterna önskar sina examinationsresultat snabbare. Detta är dock svårt att ordna, då lärarna i många fall kan få vänta i upp till två veckor på att få tentorna. Studenterna kommenterar också på behörighetskraven till Engelska B, vilka kommer att ses över inför nästa år.
