should also be analysed here. Any effect of joint courses should be commented on.

Some students think the connection to the course ILO's are vague. Also there are some students get stressed due to that they think the course could have a more clear structure.

Suggestions for changes to the next course date.

We need to work with clarifying the connections between course content and the ILO's for the students. To improve the structure we could use some time of the first meeting to inform the students about what to come and how the course is structured.
